

# ATTORNEY GENERAL'S CHAMBERS

## **The Commercial Task Force in the Attorney General's Chambers.**

In anticipation of the need for additional legal resources within the Chambers to support the growth agenda, the Chambers, with the assistance of the Development Bank of Jamaica (DBJ) and the Planning Institute of Jamaica (PIOJ) established a Commercial Task Force.

The first legal consultant, Ms. Stephanie Gordon, commenced work in May 2015 and a second Legal Consultant, Ms. Nerine Small, joined the Task Force on December 1, 2016. Both consultants are senior commercial practitioners and are currently involved in a number of privatizations and major commercial transactions being pursued by the Government. The members of the Task Force supplement the human resources of the Commercial Division particularly in respect of projects linked to the Growth Agenda.
